

## COIN & MEDAL CLUB You May Want New Free Coins/Medals Catalog by CHARLES MESSNER

Snowing as I write this, but when you read: "Hel-l-l-o-o, spring!"

Maybe with the regular buds, we'll have budding numismatists bringing their stuff and questions to our April 4 meeting on Wednesday, 2:00 p.m., Dorchester. Friends welcome.

**SPECIAL WEEK:** Numismatists or no, all should look forward to **National Coin Week** — April 9-15. In this neck of the woods, the **Ocean County Coin Club** will have interesting exhibits and dealers at the Ocean County Mall on Saturday and Sunday, April 14 and 15. I expect to be one of the exhibitors and hope to see lotsa Leisure

Villagers there — to view, buy, sell, swap, evaluate, or just ask questions about any phase of Numismatics.

**FREE CATALOGUE:** If you'd like to know what coins and medals are available from the Mint, and how to order them, there's a new 16-page catalogue, and it's free. The title is "Official Coins &

Medals Sold by the U.S. Mint." It contains ordering details, order forms and toll-free telephone numbers to confirm cost of coins sold at changing bullion prices.

For a free copy of the booklet, request publication No. 604L from the Consumer Information Center, Dept. 63, Pueblo, CO 81009. □

Ocean County Coin Club National Coin Week Chairman,  
James Majoros, presents "PEOPLE'S CHOICE AWARD" to  
Art Daly for his George Washington exhibit. Daly's  
display was chosen over eleven other exhibits as the  
most popular exhibit during the club's National Coin  
Weekend Show & Exhibition held at the Ocean County Mall,  
Toms River, NJ.

Respectfully submitted,

Archie A. Black  
President

OCEAN COUNTY COIN CLUB SHOW/EXHIBIT

14 & 15 APRIL 1984

We have tentatively scheduled our annual "National Coin Week" show and exhibit at the Ocean County Mall, Hooper Avenue, Toms River, New Jersey for the weekend of April 14 & 15, 1984. We had a most successful show there last year, however, we are experiencing a problem this year and request your immediate reply so we can decide on whether to go with it or cancel it.

The mall does desire our show and exhibit, however, they have added additional vendors throughout various mall locations, thereby reducing desirable areas where we can locate, i.e. we will not be able to utilize the area we had last year. At this time, they cannot advise us where our location will be. The decision will be made approximately two weeks before our weekend show. It will be somewhere in the mall traffic flow areas. We are hopeful the 12 dealers will be together in a rectangular area. Again depending on location, we may not have any available electric for lamps, only regular mall lighting.

Based on the above, should we go ahead? We need your answer.

The cost will be \$50.00 per dealer for the weekend. Table, chairs and signs will be provided for this price.

Please complete the attached form and return it in the stamped addressed envelope enclosed.

JAMES MAJOROS  
Project Chairman

Arch

This is what I sent to  
the dealers. Hope to have  
replies by next meeting. I  
added a note to please mail  
by March 1st.  
Regards  
Jim

## April Coin Exhibit

Archie A. Black, President of the Ocean county Coin Club, one of the largest and most active clubs in the country, reports once again the club will do its share in promoting National Coin Week in april 1984.

Black has also been named to serve on the National Committee and is responsible for the Northeastern region of the American Numismatic Association. He has requested all clubs in the Northeast states to spread the word of numismatics during the week of April 15 thru 21 by means of placing exhibits in schools, malls, etc.

Plans call for the club to put on a two day show and exhibit at the Ocean County Mall on april 14 & 15. The first days' program will run from 10 a.m. to 9:30 p.m. and on sunday, April 15, from noon to 5 p.m.

National Coin Week Club Chairman Jim Majoros said the club will be distributing wooden nickels, commemorating the event, to interested individuals.

Club member exhibitors and dealers will be available to assist the general public and answer questions on the hobby.

## Coin Club Prepares For April Celebration

Archie A. Black, president of the Ocean County Coin Club, one of the largest and most active clubs in the country, reports once again the club will do its share promoting National Coin Week in April 1984.

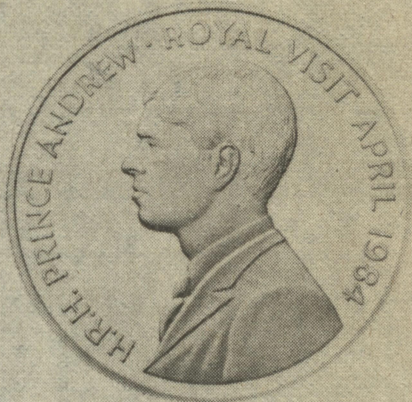

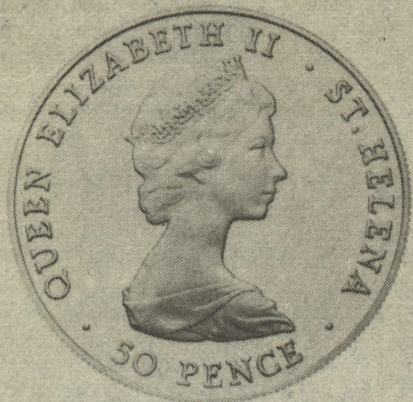

Black has also been named to serve on the National Committee and is responsible for the Northeastern region of the American Numismatic Association. He has requested all clubs in the Northeast states to spread the word of numismatics during the week of April 15 through 21 by means of placing exhibits in schools,

malls, and other places. Plans call for the club to put on a two day show and exhibit at the Ocean County Mall on April 14 and 15. The first day's program will run from 10 a.m. to 9:30 p.m. and on Sunday April 15, from noon to 5 p.m.

National Coin Week Club Chairman Jim Majoros said the club will be distributing wooden nickels, commemorating the event, to interested individuals.

Club member exhibitors and dealers will be available to assist the general public and answer questions on the hobby.

Silver-proof 50-pence coin has bust of Queen Elizabeth II on obverse and of her son, Prince Andrew, noting his St. Helena visit, on reverse.

## New British coin notes royal visit

**I**T SEEMED like a good idea to take time out from the series on Early American coins to report on some current items.

Britain's Prince Andrew will be featured on a new coin.

In commemoration of his visit to St. Helena and Ascension Island, the British Royal Mint will strike a silver-proof Royal Visit Commemorative Crown for each island, together with a piedfort version of the coins.

The portrait of the prince is depicted on the coins' reverse while the obverse bears the Arnold Machin portrait of Queen Elizabeth II, the prince's mother.

Only 5,000 silver-proof crowns have been authorized for each island, while the issue limit is 500 piedfort coins for each.

The individual silver-proof crowns cost \$49, the pair of silver-proof crowns \$88 and the pair of silver-proof piedforts, \$150.

Piedforts are specially struck collector coins. The silver-proof crowns are 38.61 mm. in diameter and weigh 28.28 grams, while the piedforts are struck from a double thickness blank and weigh 56.56 grams — and, in this case, are available only as a pair.

Send inquiries to the British Royal Mint, c/o Barclays Bank of New York, N.A., P.O. Box 2570, New York, N.Y. 10163.

**WE MENTIONED** last week that members of the Ocean County Coin Club will be at the Ocean County Mall next Saturday and Sunday in honor of National Coin Week.

The first day's program will run from 10 a.m. to 9:30 p.m. Sunday's program will be from noon to 5 p.m.

As always, it's an excellent time to find out about some of those mystery coins in your closet and to have some questions answered. If the club members can't help immediately, they should be able to put you on the right track.

While visiting the show, see if there are any free club wooden nickels available. Collecting wooden nickels is a delightful hobby and open to all budgets.

**ON ANOTHER** club note, the Ocean Club, one of the most active anywhere, once again will serve as host club for the Garden State Numismatic Association's convention, scheduled to be held in Cherry Hill, June 21-24.

Once again we're happy to report that teens give a lot to the hobby — and the hobby to them.

Nancy Black, 15, a junior member of the GSNA, submitted the winning design in GSNA's annual convention medal contest. The Brick Township teenager had the winning designs for the 1982 and 1983 medals, too.

This year's 2-inch uniface medal is a multi-colored cloisonne type with a mintage of only 100.

It'll cost \$3.50 at the convention, but unsold pieces will be available at \$5 postpaid from Judy Kessler, GSNA treasurer, P.O. Box 331, Milville, N.J. 08332.

**ALWAYS** one of the most popular shows on the East Coast, this year's GSNA convention also will feature a second show, Errorama '84. Errorama, featuring off-beat pieces and varieties, will be coming to the East Coast for the first time. It's normally held on the West Coast.

Some 133 dealers will be on hand for

### Mostly Coins

**Elmer Curran**

normal numismatic buying and selling, but there also will be 30 to 35 dealers specializing in error material. If you're looking to buy or sell such things as off-centered, blank and double-hub pieces, or whatever, you'll want to visit Errorama.

This year's general show GSNA chairman is William H. Horton Jr., P.O. Box 293, Franklin, N.J.

Other chairmen are Jerry Zara, bourse chairman, P.O. Box 248, Brick Township, N.J. 08723, and Douglas Moore, exhibit chairman, 46 Manor Drive, Dover, Del. 19901.

**ANY ACTIVE** hobbyists can tell you that certain commemorative coins have been moving steadily up in price in recent years.

They also can tell you that when a coin (or any collectible) becomes very much in demand, it's time to watch out for outright counterfeiters and those who are only too willing to alter a coin to meet the market demand for a particular mint mark, date, overdate or what have you.

That said, it's important to tell readers of findings by the American Numismatic Association Certification Service.

ANACS, in a recent issue of The Numismatist, a hobby publications, reports that some remarkably well made false commemoratives have been discovered.

The six phony half dollars are a 1915-S Panama-Pacific, a 1921 Missouri, a 1925 Fort Vancouver, a 1928 Hawaii, a 1935 Hudson and a 1935 Hudson.

ANACS, which I should add is one of the real reasons I'm happy to support the parent ANA by way of my membership, says that all of the coins display a similar style, with sharp edge redding, fuzzy details and incorrect luster.

In a side-by-side comparison with genuine specimens, the counterfeit pieces are not difficult to detect, ANACS says. However, they are deceptive enough to fool numismatists not well-acquainted with characteristics of genuine coins.

To simplify matters, I think it could be said that the fake commemoratives are too good to be true in one sense.

As ANACS points out, commemoratives in the half-dollar series tend to show, under even modest magnification, heavy concentrations of die polish lines. None of the phony pieces exhibit the usual amount of such die polish lines.

The luster on the counterfeits is another giveaway. Quite unlike genuine coins, each phony exhibits a glossy sheen, which is similar to the luster on Mint State silver coins that have been lightly polished.

What makes the new counterfeits potentially dangerous, ANACS says, is the fact that light circulation or artificial toning could disguise that diagnostic.

Elmer Curran is travel editor of the Asbury Park Press. His Mostly Coins column appears Sundays.

## President's Message

All proceeds from our annual DEBORAH HOSPITAL BENEFIT AUCTION to be held on March 20th will be turned over to the Deborah representative who will be in attendance to issue tax-deductible receipts from the prices realized to each donor of material. See CHAIRMAN BILL SWOSCHUCK's Auction Report published elsewhere in this newsletter. I urge everyone to be generous in their bidding for this most worthwhile charity.

**NATIONAL COIN WEEK** is the 3rd week of April. Congressman Annunzio needs your help. Won't you take a few minutes of your time to write to your congressman, urging him to support Annunzio's National Coin Week legislation? I've been honored to be appointed by Nancy Green, ANA National Chairperson for N.C.W., to contact the Governors of 8 Northeast states and over 130 coin clubs in those 8 states to urge them to support Congressman Annunzio's efforts. Your individual contacts will be a big help.

Meanwhile, O.C.C.C. NCW CHAIRMAN, JIM MAJOROS, has sent out his mailings to our member/dealers who wish to participate at our National Coin Week Show at the Ocean County Mall on April 14 & 15th. See Jim for details.

G.S.N.A. CONVENTION JUNE 21-24 at Cherry Hill. Ocean County Coin Club is the 1984 HOST CLUB. MIKE VALOSIN has offered to serve as Registration Chairman. If you are planning to attend the Cherry Hill show and if you can spare a few hours at the Registration Desk, please contact Mike, ASAP, for what period(s) he can schedule you. One of MY convention duties is the responsibility of publishing the Convention Program. I am currently seeking ads from clubs & dealers. I'm also accepting \$2.00 Booster Ads from any individuals who would like to support the program by having their name published in the book. See me if you would like to contribute.

(Continued on Page 2)

## PRESIDENT'S MESSAGE (Continued)

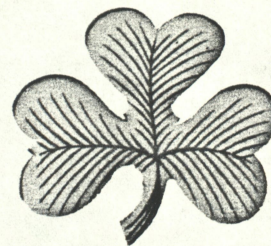

BUSTRIIP TO YANKEE STADIUM is scheduled for Saturday, July 21st. The club has purchased 45 \$9.00 Box Seat tickets for this "OLD TIMERS DAY". Yankees will be hosting the Minnesota Twins. Don't be struck out by watching the pitch go by. See JERRY ZARA early for your tickets.

MEMBERS: \$6.00.....GUESTS: \$10.00 First come, First served. The club will absorb the bus rental charge.

Finally, it is said that imitation is the most sincere form of flattery. I have received a most flattering letter from ARNO SAFRAN, PRESIDENT OF THE TRENTON NUMISMATIC CLUB, who has recently initiated a newsletter for the Trenton Club. Arno's comments speak for themselves as a testament to the superb job DIANE & DICK MESARIS are doing on the O.C.C.C. Newsletter. T.N.C. President Safran stated, "Once again the O.C.C.C. deserves credit, for had I not seen your fine monthly publication, it probably would not have occurred to me to start one for the Trenton Club." On behalf of the Mesaris' Arno, I thank you for your thoughtful acknowledgement. Good luck with the Trenton's Newsletter.

Happy collecting,

*Archie*

*Do you think we could develop a lifestyle that has a little more life to it?"*

## CLUB READIES FOR NATIONAL COIN WEEK

National Coin Week is again upon us and the Ocean County Coin Club is taking full advantage to gain additional members and spread the word of Numismatics throughout the area. Club members have an opportunity to exhibit their numismatic specialties in the Ocean County Mall in Toms River on Saturday and Sunday, April 14th and 15th, and will be available to assist the general public in answering questions on the hobby. In addition, the club is sponsoring a coin show at the same time and location for club member-dealers. News releases will be mailed to local newspapers and radio stations as well as the notices sent to COIN WORLD and NUMISMATIC NEWS. Archie Black, Club President, has ordered wooden nickels commemorating Coin Week and our show and exhibit.

Club members are requested to assist in exhibiting and/or volunteering for the show to make it a success. Without volunteer help, our club will not maintain its logo - "New Jersey's Most Active Coin Club." John Brzyski is our exhibit chairman and has the applications. Dealers may contact Jim Majoros for information and applications.

# ★ ★ ★ NOTICE ★ ★ ★

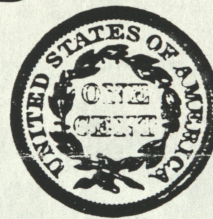

Enclosed with this newsletter you will have found a letter from our club President, Archie Black, concerning the Ocean County Coin Club's designation as Host Club for this year's G.S.N.A. Annual Convention. Much of the preliminary work will be done by the Chairmen listed in Archie's letter, but additional volunteer help is needed to staff the Registration Desk during the course of the convention. Lend a hand and participate in your club's activities! Don't leave everything up to the same small group of volunteers all the time. Spouses, family and friends of members are also welcome. No great numismatic knowledge is required - you will be acting as hosts, giving directions, greeting visitors, dispensing literature and generally helping out as needed to keep things running smoothly. It's easy! So take a few moments today to figure out when you can help out and mark it on the enclosed form, then give it to Mike Valosin at the next meeting or mail it to him at:

Michael Valosin  
P.O. Box 1256  
Brick, N.J. 08723

1984 MEDAL CONTEST - Grab your pads, pencils, scissors, etc. Time is running out. Do you have an idea for our 1984 medal? Put it down on paper. Don't worry about the lettering - we can dress that up. The central theme, however, is the important thought and IT must be exactly how the completed medal will be executed. Competition is open to all O.C.C.C. members. Prize will be a BU silver dollar. Medal will be uniface, cloisonne, 2" in diameter. Artwork should be larger. The winning design will be selected at our April 3rd meeting.

At our last meeting Bill Dewey made a short announcement that a friend of his was in the process of gathering material to write a book on Depression Scrip, such as that which was used to pay teachers and some government employees during the cash-tight days of the Great Depression. The author is trying to obtain copies of any existing scrip to further his research, and would appreciate any help in obtaining this information. Bill, if you or the author will supply us with more detail, we'll be glad to put it in the next edition of this newsletter.

Column written by F. Jeffris Elliott in the Winter 1984 issue of WEALTH magazine.

### Silver Has Upside Potential

Is silver washed up as an inflation hedge investment? The price has drifted lower since March of last year and silver stocks in Comex warehouses in New York and other locations are at record highs. But, we were awash in soybeans this time last year and look what happened.

A drought won't do much for silver. But, a resurgence of hefty price inflation with the expectation of even more to come, coupled with a strong economic recovery, will reduce those stocks in short order. Far from being washed up, silver has enormous upside potential from current levels.

Although silver is clearly an industrial metal, the primary moving force behind silver prices is inflation rather than industrial considerations. It isn't necessary to go into any detail about the silver story so well-known among metal investors. Suffice it to say that for many years the U.S. has used some 120 to 160 million ounces of silver annually on average, yet silver production has remained at the 50 to 60 million troy ounce level each year.

There is a continuing draw-down of available above-ground silver stocks that at some point will become difficult to obtain except at higher prices. I anticipate the coming inflation of the next few years will take silver prices substantially higher.

If the inflation activity discussed earlier materializes, a fairly decent rise in silver going into the first quarter could take us back up above \$14.

And, if inflation develops as I expect by the end of this year, 1984 will go down as the first year of the major bull market in silver. Silver is clearly a buy at current price levels, and I encourage investors to get in now on what may be a spectacular move to the upside. ■

## DID YOU KNOW ?

...A dollar-size medal commemorating the 50th anniversary of the Declaration of Independence was struck in 1826. Extremely rare specimens exist in silver, white metal and copper.

...The first presidential candidate to rely on campaign buttons was William Henry Harrison, the Whig candidate, who was elected without saying one word about his candidacy himself.

...Mathias Vaist, an Austrian, was the Mint-master at Prague from 1688 to 1693. Coins he designed were marked with his initials M.V. He died in 1694.

...General Zachary Taylor, who hated wearing a uniform, is depicted in full dress on the medal awarded him by Congress following the Mexican War.

### WHO LOST?

Mr. A owed Mr. B \$10.00 and had only \$7.00 to pay the bill. The debt had to be paid. Mr. A decided to do some juggling. So he took a \$5.00 bill to a pawn shop. Since it was excellent security he secured a \$4.00 loan. Next, he took the pawn ticket to Mr. C who, knowing the ticket represented \$5.00 in currency, purchased it for \$4.00. Now Mr. A had the necessary \$10.00 to pay his debt. Who lost in the transaction?

### NO CHANGE

Several years ago a woman asked her husband if he had change for a ten-dollar bill. He found he had \$999.99 but that could not change any bill, no matter what the denomination, nor did he have change for a half-dollar, quarter, dime, or nickel. What did he have?

### THINK ABOUT THESE.....

"Never tell people how to do things. Tell them what to do and they will surprise you with their ingenuity." - Gen. George S. Patton, Jr.

"The reason most of us don't live within our income is because we don't consider that living." - California Highway Patrolman

"A fellow who is always declaring he's no fool usually has his suspicions." - Wilson Mizner

"The most valuable of all talents is that of never using two words when one will do." - Thomas Jefferson

# OCEAN COUNTY COIN CLUB

## 1984 DEBORAH HOSPITAL DONATION AUCTION

Members and their friends, families, guests, acquaintances, neighbors, etc., are all reminded that the usual club rules do not apply to this auction. There is no limit to the number of lots which you can submit for this auction - the more, the better. Lots do not have to be submitted by the meeting prior to the auction - bring them in with you on the night of the auction. We'll be glad to have them. Please remember that this is a Donation Auction and that ALL proceeds will go to Deborah Hospital. So bid with your HEAD and then add a little HEART.

### DEBORAH AUCTION

#### **Barnyard Currency**

**B**efore Federal Reserve notes became the standard, there was a variety of currency in the U.S. The most unusual may have been Charles Poston's "barnyard currency."

In the 1850s, Poston was the chief administrator of a silver mine near Tubac in what is now Arizona. Since silver was a cumbersome means of exchange, Poston decided to print paper money. Instead of a numeral, each bill bore the picture of a different animal, so illiterate miners could determine its value. A pig meant the note was worth 12½ cents, or "one bit." A calf meant 25 cents, a rooster 50 cents. A horse, bull and

*A 50-cent note from Tubac, 1858*

lion were worth \$1, \$5 and \$10 respectively. Poston's currency was accepted in the mining district and Mexico; it could even be redeemed for silver in San Francisco.

—Idea submitted by Bernice Herzberg, Elsberry, Mo.

Everyone should be aware by now that March 20th is the date of our annual Deborah Hospital Donation Auction. The items listed above are only those which have been submitted in writing. There will be many more items brought in on the night of the auction, so come and see what there is to bid on. Bring a friend - you couldn't find a better cause on which to spend a few dollars. If you haven't made a donation yet, bring something in on the night of the auction. Cash and checks are also gratefully accepted. Let's all work to make this the most successful of our Deborah fundraisers. Be both a giver and a buyer; your generosity will be appreciated. And remember.....it's all tax deductible.

Thank you for your contribution.  
The World is so much nicer because of people like you
